As I know that most of the economically backward students in Belthangady are deprived of higher education due to poverty. We hope our students will develop values, attitude of series, co-operation, leadership qualities and Excel as responsible citizens in future. Here I request all the parents to support the students to opt for higher education. If we narture the talents of our students properly, they will create a better world tomorrow. Our institution has been providing P.U. Education since 2006 and Degree Education since 2013 with good Results. It has a great recognition in the society. I hope you support me in my endeavour.
